Steven Barrett

| Call 2003

Profile: International

Experience and Expertise

Steven's focus upon commercial litigation and upon the demands of HNW clients has meant that many of his cases have involved either an international or off shore element.

Accordingly he is experienced in the international aspects of all of the areas in which he practices.

His main international focus would be cases involving off-shore trusts and international contracts/arbitration.

Amongst other things, Steven is a Friend of the British Virgin Islands and a member of the British Azerbaijani Lawyers Association. He is familiar with the rules of the Dubai International Finance Centre.
