- *GFI Consultants Limited (in liquidation) & Penn (as liquidator of GFI) v Global Forestry Investments Title Limited (“GFI Title”) & Meadows Title Limited (“Meadows”)* and *Mr Penn (as liquidator of GFI), Mr Paylor (as liquidator of Proximity Ventures Limited (“Proximity”))*, *Mr Paylor (as trustee in bankruptcy of Junie Bowers and Andrew Skeene)* (ongoing) – GFI promoted investment schemes in Brazilian forestry, which were subject to ongoing investigation by the Serious Fraud Office. The Office-Holders believed the schemes were operated fraudulently and could amount to Collective Investment Schemes within the meaning of FSMA. Within this context, Dawn was instructed to advise the Office-Holders in various respects, including acting in relation to declarations and orders concerning the transfer to GFI of 86% of the share capital in a Brazilian company where the Shares had been held on trust for the benefit of GFI.
- *A v B* (2018)–Representing the respondents in proceedings by a liquidator in connection with alleged misfeasance, dividend payments constituting TUVs/preferential payments, claims of unauthorised profit. The allegations were strenuously defended and a settlement was reached at mediation, before a 4 day trial (scheduled for 2019).

Dawn successfully obtained the necessary relief.
- *Atkinson (trustee in bankruptcy of Charanjit Singh) v Singh* (2017) – Acting for the trustee who had been engaged in protracted legal proceedings with the debtor and various family members, seeking relief in connection with a property. The respondents relied on the existence of a purported trust deed together with alternative arguments regarding the beneficial ownership of the property. The trustee sought to challenge the trust deed as a sham. Alternatively, that the trust deed constituted a transaction at an undervalue and/or a transaction defrauding creditors. The matter was settled on confidential terms prior to trial.
- *Stephen Cork & Joanne Milner v Kathleen Bleasdale & John Cariss* (2017) – Acting for the trustees in bankruptcy to suspend the automatic discharge of bankruptcy of two debtors (who were husband and wife) due to concerns over a lack of co-operation, a history of non-compliance by the debtors and deliberate attempts to withhold information regarding their financial affairs, particularly regarding their involvement with various corporate entities. Despite protracted and contentious litigation between the parties, giving rise to numerous hearings, medical reports, witness statements, and linked applications against the debtors' children pursuant to section 236, Dawn was successful.

Proceedings were settled at mediation.
- *HMRC v EP Consultants (UK) Limited (In Provisional Liquidation); EP Consultants (UK) Limited (Provisional Liquidation) v Chahal & Ors* (ongoing) – Defending a winding up petition presented by HMRC for £24 million, based on unpaid VAT assessments raised in connection with a purported MTIC Fraud in Germany and Poland regarding the sale of mobile phones. In addition, defending interlinked High Court proceedings issued by the provisional liquidator (appointed by HMRC) against the directors of the company for breach of fiduciary duty and conspiracy arising out of the purported MTIC fraud for £24 million.
- *In the matter of Dunwoody Marketing Communications Limited (in Liquidation)* (2015) – Making an application on behalf of a liquidator to set aside a loan agreement and a multilateral guarantee and indemnity which had been executed together with other mutual guarantees, counter indemnities and personal guarantees. It was alleged the debtor lacked the necessary mental capacity to enter into the guarantee. The decision at first instance was upheld successfully and ultimately a winding up order was granted against the appellant company.

COMPANY

Dawn's practice includes all aspects of Companies Court work such as disputes between directors and shareholders, minority shareholder relief and directors' disqualification.

Regarding the latter, Dawn was previously appointed Junior Counsel to the BIS (formerly, the BERR) for Directors' Disqualification Directions hearings and as such, she has particular experience of directors' duties and directors' disqualification proceedings. She also appears in other company related applications, including company restorations and time extensions for registering charges.

Recent cases of note include:

- *Kamal Kishore Mayor v IPTV For You Limited* – Pursuing a contributories’ winding up petition against the company where, due to a dispute between two equal shareholders of the company, there was a cessation of trust and confidence and a complete deadlock in the management of the company
- *Vert Estates v Croftshire Investments Limited* – Advising Vert, a 50% shareholder in Croftshire where, as a result of a historic dispute between the various directors/shareholders of Croftshire, there was a cessation of trust and confidence which led to a complete deadlock in the management of the company. A voluntary disposal of the assets of Croftshire was rejected whereupon a letter before action was drafted on behalf of Vert. Ultimately, as matters could not be resolved, Vert presented a contributories’ winding up petition in respect of Croftshire based on the deadlock, together with substantial evidence in support.
- *A v B* – Advising in relation various potential claims against Dawn’s client, following the sale of his shares in a number of companies within an extremely successful group structure (of which he had been a director and shareholder). He remained as a director of the said companies following the sale and was subject to the following potential claims against him: (i) breach of a number of extensive restrictive covenants in a Share Purchase Agreement; (ii) breach of fiduciary duties by the director of the companies (including breaches of the express provisions of the Articles), in particular his duty to avoid a conflict of interest pursuant to s175 Companies Act 2006.

Dawn was ultimately successful and a bankruptcy order was obtained against the debtor.
- *Alekseev v Mofrad* – Opposing a bankruptcy petition, in an insolvency case where the main issues were contractual in nature. The c. £1 million petition debt was based upon a guarantee executed in Russia (subject to an exclusive jurisdiction clause in favour of the courts of England and Wales). The respondent claimed he had been forced to execute the guarantee under duress (by virtue of threats and psychological pressure). The allegations of duress were refuted. Furthermore, even if there had been duress, it was claimed that the respondent had affirmed the transaction by virtue of his subsequent conduct, together with the lengthy delay before seeking to challenge the guarantee.
- *Connaught Digbeth Limited* – Defending a claim regarding the proper construction of the terms of an exclusivity agreement regarding the sale of a £6.5million property and a claim for the return of a deposit.
